Hot Water Solutions Made Easy

## AutoBooster Tank Booster Water Heater

save money

save energy

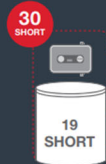

save space

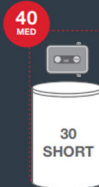

**AutoBooster™ tankless electric water heater boosts tank water heaters by adding up to 45% delivery capacity to any tank. AutoBooster works with the tank to deliver more hot water. Install the unit directly on the tank outlet or on a nearby wall. No need for additional electrical infrastructure when used with an existing 30-amp electric water heater.**

### SIZING IMPACT

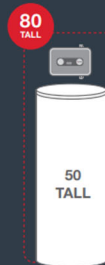

19 Short  
+ AutoBooster  
= 30 Short Performance

30 Short  
+ AutoBooster  
= 40 Med Performance

40 Med  
+ AutoBooster  
= 50 Tall Performance

50 Tall  
+ AutoBooster  
= 80 Tall Performance

80 Gallon  
+ AutoBooster  
= 120 Gallon Performance
